## BIG BANQUET FOR BRYAN

Kansas City, Mo., March 30.—William J. Bryan arrived in Kansas City to be the guest of honor tonight at what is announced to be the biggest political banquet ever held in this country. Convention hall has been engaged for the affair and arrangements have been made to seat more than 1,200 diners. In addition to Mr. Bryan the speakers will include several other Democratic leaders of prominence.

The present visit of Mr. Bryan to Kansas City, the second he has paid this city within a month, is regarded as of considerable political significance. In the first place, Kansas City is the stronghold of the Taft supporters in Missouri. Then, according to report, the Bryan managers are somewhat concerned over the favorable reception with which the Johnson boom has met among the large Swedish element in the neighboring State of Kansas. To counteract the Johnson influence Mr. Bryan has arranged an early tour of Iowa, Kansas, Colorado and Nebraska.

Former Congressman Returns to United States From Cuba.

Washington, March 20.—Former Congressman Hawley of Galveston has arrived from a trip to Cuba. He has business with the war department on affairs of that republic. He will go to New York the end of the week and take a steamer for Galveston. Mr. Hawley says Cuba seems to be enjoying prosperity. He has extensive interests there.

Assistant Attorney General Lightfoot is here from Austin to prepare for the hearing before the supreme court of the Waters-Pierce Oil company receivership case on appeal from New Orleans. Attorney General Davidson is expected in a few days.

Entire Reorganization of the Working Force Will Be Necessary.

Hanna, Wyo., March 30.—The bodies of only five of the fifty-three miners and mine officials killed in mine No. 19 of the Union Pacific Coal company by two explosions Saturday have been recovered. The other bodies probably will not be reached for several days.

The widows and orphans are being cared for and there is no destitution.

The official force of the local mines is completely wiped out by the disaster and complete reorganization of working forces will be necessary.

## BURGLARS BUSY.

Three Establishments and a Boarding House at Dallas Visited.

Dallas, March 30.—Establishment of the Taber Manufacturing company, on Main street, near Akard, was entered Sunday night and \$300 worth of jewelry stolen.

Two saloons were also visited. At the first one \$5 was secured. At the second, \$5.50 in cash, a sixshooter and some cigars were purloined. Both of these places are on Elm street.

A boarding house on Live Oak street was invaded and about \$15 in money carried away.

## STILL SLUMBERS.

Unless Soon Awakened Mrs. Hawkins Will Not Long Live.

Los Angeles, Cal., March 30.—Mrs. Beulah Hawkins, who has puzzled the medical and psychological professors by her long unbroken sleep at the county hospital, Monday began the fifty-third day of her mysterious slumber. ## BOTH SHOT IN HEART.

Man Believed to Have Killed Woman and Taken Own Life.

## Five Thousand Expected.

Fort Worth, March 30.—Arrangements for entertaining the big labor convention which convenes here April 14, are being made by the committees. A contract was made with the North Fort Worth packing houses to furnish 2,000 pounds of beef and mutton for the barbecue, a feature of the first day. It is estimated at least 5,000 persons will visit the city during the convention.

## KINDERGARTEN UNION

New Orleans, La., March 30.—Men and women experts in the work of training the young and starting baby minds on the long road of learning gathered in force in this city today for the opening of the fifteenth annual convention of the International Kindergarten Union. The delegates and visitors number several thousand and come from all parts of the United States and Canada, with a number from other countries.

A preliminary session was held at the St. Charles Hotel this morning to complete the final details of the convention programme. Miss Lucy Wheelock of Boston presided. This afternoon a conference of supervisors and training teachers was held at Tulane University. Plans to increase the efficiency of the kindergarten training schools formed the chief topic of discussion. Miss Elizabeth Harrison, principal of Chicago Kindergarten College, occupied the chair and among the prominent participants in the discussions were Clara Wheeler of Grand Rapids, Mrs. Mary B. Page of Chicago, Miss Mary D. Hill of Louisville, Miss Willette Allen of Atlanta, Mrs. Anna Noble of San Antonio, Miss Nina Vandunwalker of Milwaukee, and Miss Marion Hauckel of Charleston, S. C. The first public session, with addresses of welcome and responses, will be held tomorrow morning.

## WHAT IS IT?

Strange Creature That No One Can Classify.

New York, March 30.—Central Park has a mystery in the shape of a creature presented to the menagerie by an officer on a steamer plying between New York and Central American ports. Though the animal has been in the zoo for more than a week there is a wide diversity of opinion among the keepers as to whether it is a ferret or a grison.

About as large as a squirrel, the new arrival was brought to the menagerie by George Weiss, who said that the animal had been given to him while on a cruise. After Patrick Keenan, keeper in the monkey house, had placed the creature in a cage, he asked Weiss regarding the animal.

"Call him a German weasel," said Weiss, "but Keenan said that the sailor was wrong and consulted his associates. The majority of them were of the opinion that the little grey-coated animal looked like a park squirrel, but none were positive regarding the question, and the natural history books of the menagerie were brought out and studied in an effort to solve the puzzle.

Donald Burns, keeper in the aviary, and formerly an animal dealer, announced that there was no doubt in his mind about the species of the creature. He declared that it was beyond any doubt a grison. William Snyder, head keeper in the menagerie and who has had long experience as guardian of animals says that it is a ferret. Several wagers were made during the day as to the category in which the creature would eventually be placed.

### The Daily Eagle

Entered at the Postoffice in Bryan, Texas, as second class matter.

BY CARNES & WALLACE

#### ANNOUNCEMENTS.

The Eagle is authorized to announce the following candidates for the offices indicated subject to the Democratic Primaries:

For Congress Sixth District:  
RUFUS HARDY (Re-election).

For Sheriff,  
J. D. CONLEE.

BRYAN, TEXAS, MARCH 29, 1908.

A Baltimore Methodist preacher has just got home from a preaching tour of 40,000 miles.

The Topeka Mail and Breeze, a Republican paper, says Bryan is more popular in Kansas than Taft.

The Texas Republic keeps hollering "Shoot!" at Governor Campbell, but it can't scare him off the fence.

The Chicago News has discovered that "the more a woman knows the easier it is for her to hold her tongue."

There is one consolation: If the hats get any larger they can't pass through the church and theater doors.

If Kentucky would borrow the Texas ranger force for about two weeks Kentuckians would soon be thinking every day was Sunday.

The Texas Republic suggests Fairbanks and Hughes for the national Republican ticket. That wouldn't do at all; it would be tail foremost. Turn it round and it might do.

The next annual meeting of the Ladies' Presbyterian Union, Brazos Presbytery will be held in Navasota on the last Wednesday in March.

Sentimental lovers are fond of stargazing and the latest fad is to kiss the girl when a star shoots. It's all right if you are sure her big brother won't do any of the shooting.

A Pennsylvania rooster saw his reflection in a plate glass window and went for it, smashing the glass and cutting himself so that he nearly bled to death. But he couldn't understand what became of that other rooster.

The Mineral Wells Index says, "There is not much satisfaction in honor, but we all like to taste it, even if it does come high." The Index is speaking not of true honor but of the notoriety gained in politics. True honor is priceless.

"I believe the time will come that, when a man turns a public office to a private advantage, he will be whipped from society along with the embezzler of money," said William Jennings Bryan in a speech at Richmond last Thursday.

#### RESULTS OF BAILEY RALLY.

Selection for Delegates and Alternates

—Resolutions and Speechmaking.

"For Delegates at Large—United States Senator Joseph W. Bailey of Cooke County; M. M. Brooks, Associate Justice of the Court of Criminal Appeals, Dallas county; James L. Story, Caldwell County; Andrew J. Baker, former Commissioner of the Texas General Land Office, Tom Green County.

"For Alternates—B. F. Looney, State Senator, and member of the Senate committee of the Thirtieth Legislature which investigated the charges against Senator Bailey; John R. Kubena, member of the Thirtieth House of Representatives, Fayette County; J. R. (Dick) Bowman, member of the Thirtieth House of Representatives, Potter County; Charles L. Brachfield, State Senator and member of the Bailey investigating committee, Rusk County.

"For Presidential Electors—H. A. O'Neal, member of the Thirtieth House of Representatives and chairman of the Bailey investigating committee, Cass County; Hampson Gary, member of the Twenty-Seventh and Twenty-Eighth House of Representatives.

"Estimated attendance upon the convention—Lowest (anti-Bailey sources), 4,500; maximum (pro-Bailey sources), 10,000; The News estimate 6,000.

"Claim re-asserted that the Bailey delegate ticket will be elected by a majority of 100,000.

"Campaign fund started with county pledges aggregating \$20,600. Senator Bailey will remain in the State until after the primaries and make a canvass of the State."

The above summary is taken from the Dallas News. The Houston Post estimate of the attendance was 10,000. The general tone of the meeting was one of moderation, although great enthusiasm was manifested at times. Senator Bailey delivered the principal address, which was divided between a defense for himself and an attack on Cone Johnson and Cullen Thomas, his respects also being paid to Representative McGregor and a few others, and he gave Col. Wynne a boost. The resolutions were preceded by a long preamble referring to the investigations, and endorsing Bailey, Bryan Culbertson, Wynne and Carden. Col. Dick Wynne was given an opportunity to make a speech and his candidacy for attorney general was given as much prominence as possible.

#### REV. TURRENTINE RECOVERED.

Rev. Turrentine appeared Sunday morning and evening in the pulpit of the Methodist church, for the first time since his two weeks' illness, and preached splendid sermons before large congregations. The congregation is gratified beyond measure to have him resume his duties.

There was a large attendance at the Sunday school Sunday morning and Dr. Lumpkin, the lecturer on foreign mission fields, gave a highly interesting and profitable discourse of thirty minutes in lieu of the lesson. A collection of over seventeen dollars was taken for missions.

#### GAME WAS A HUMMER.

A. and M. Team Defeated Southwestern University by Score of 2 to 0. Play this Afternoon at 4:30.

A big crowd witnessed and greatly enjoyed the baseball game at College yesterday afternoon in which the A. and M. Team defeated Southwestern University of Georgetown by a score of 2 to 0. The game was closely contested throughout and a tie until the last half of the ninth inning, when Cornell peeled the horse hide for a three bagger and brought in two men on bases.

The two teams will play again this afternoon at 4:30 o'clock, and the close clean game with such a sensational finish yesterday afternoon, cannot fail to attract all lovers of the sport.

In this connection the Eagle is glad to note evidences of a revival in interest in baseball in this city. There is considerable talk about the matter, and some young men who have shown an ability for management of matters of public entertainment are becoming interested and may take hold of the proposition, while some of the business men have signified substantial support. By all means let us have a good ball team and get in the game.

#### THE MINSTREL PERFORMANCE.

The Imperial Elks Minstrel aggregation of Bryan, arrived yesterday afternoon on time and headed by the A. and M. College Band, gave a street parade—one of the prettiest ever witnessed in the city. Dressed in black ulsters with high beavers, displaying a wide purple band, the Elk color, the company presented a remarkably strong front and was in every way worthy of the encomium advanced by the local press of their home town.

The opera house was jammed last night from top to bottom and the big crowd was amply repaid for coming out. The program was carried out to the letter and the specialties were splendid indeed. The show is composed of Bryan young gentlemen wholly, and each member deserves much credit for the effort put forth to make the affair one of such smoothness and perfection. The wonder is that "home talent" can get up such a really high-class attraction. The visit to Navasota was a profitable one for the boys and an appreciated one as well. We hope to see the whole bunch another time.—Navasota Examiner.

#### ROCKDALE REVIVAL RESULTS.

Dr. Compton will Arrive Saturday and Begin Revival Here Sunday at Baptist Church.

Dr. Geo. B. Butler writes the Eagle from Rockdale requesting an announcement regarding the meeting to be held here soon by Dr. Compton, and reports fifty professions and 27 additions to the church up to yesterday in the meeting Dr. Butler is himself holding at Rockdale. He says the merchants close their places of business and attend the morning services and that the revival has assumed great proportions in the community. Dr. Butler will reach home Thursday or Friday, and Dr. Compton of Owensboro, Ky., will arrive in Bryan Saturday and preach at the Baptist church Sunday morning at 11 and at 7:45 p. m. Dr. Compton desires to meet the young people in a great Rally Service Sunday afternoon at 3 o'clock.

#### INTEREST IN NEW YORK PRIMARIES.

New York, March 30.—New York politicians, particularly the Republican leaders are interested in the presidential primaries to be held throughout the State tomorrow. At these primaries delegates will be elected to the Congress district conventions, each of which will elect two delegates and two alternates to the national convention. There will also be elected at these primaries delegates to Assembly district conventions, each of which will elect its quota of delegates to the State convention to choose delegates-at-large to the national convention and also a new State committee.

As will be seen, the primaries will have an important bearing on the control of the Republican State committee. It has been reported frequently of late that steps are under way to retire Timothy L. Woodruff as chairman of the Republican State committee and substitute a harmony candidate who is neither an Odell or Roosevelt man. Meanwhile Odell and his faction are working day and night on their plans to overthrow the Parsons-Roosevelt-Woodruff combination.

#### BIG GOLF TOURNEY AT PINEHURST.

Pinehurst, N. C., March 30.—The biggest golfing events of the year on Pinehurst links began today and will continue through the week. The occasion is the eighth annual United North and South amateur championship tournament. There is a record breaking entry list and a widely representative field of participants. No less than three former champions—Warren K. Wood of Chicago, George C. Dutton of Boston, and Allan E. Lard of Washington—are here, together with a strong field of players who have figured prominently in past events.

The tournament opens today with an eighteen hole qualification round, with a gold medal for the best score, six divisions of sixteen each qualifying for the championship, president's, secretary's, treasurer's, captain's and club cups, which will be awarded to the winners of the match play rounds.

#### INDIANA REPUBLICANS TO MEET.

Indianapolis, Ind., March 30.—Indiana Republicans will meet in State convention Wednesday. Representative Jesse Overstreet of this city will be temporary chairman. Four delegates-at-large to the national convention, instructed for Fairbanks, will be chosen at the initial session. Adjournment then will be taken to Thursday morning, when the convention will reassemble to name a full State ticket. Those seeking to be candidates for governor are Charles W. Miller, James E. Watson, Hugh T. Miller and William L. Taylor. The convention will consist of 1,400 delegates.

#### CUTTING OUT BARBECUES.

Austin, Texas, March 29.—The Travis County candidates have become tired of contributing for picnics and barbecues in every little hamlet in the country and on every occasion, and held a meeting whereat they agreed not to contribute to but four barbecues and limited their contributions to \$5.00 each.

Governor Von Yonson comes out in many statement that he will not seek the Democratic nomination to the presidency, but will accept it if it is offered. There are about six million other Democrats who could say the same thing.

A SERMON OF GREAT POWER.

Rev. R. H. Carroll, pastor of Hearne Baptist church, occupied the pulpit in the First Baptist church in this city yesterday at the morning service, in the absence of Dr. Butler who is conducting a revival meeting at Rockdale. The subject of the sermon was the spirituality of true worship, and it was a matter of surprise that so young a man as Mr. Carroll should have such a comprehensive grasp of metaphysics as was displayed. It was a masterly effort, tracing the analogy between the mental and spiritual faculties and defining the province of each.

President Chalton of the T. W. C. preached in the evening.

At the morning service a letter from Dr. Butler was read, in which he stated that the number of conversions at Rockdale was over fifty and the meeting still in progress.

Dr. Butler will return some time during the week and Rev. I. N. Compton, the evangelist who is to conduct the revival at the First Baptist church, will arrive Saturday. The revival services will begin Sunday.

FROM SUPT. LAWSON.

Parents are requested to start their children to school so as to reach there between 8:30 and 9:00. They should not loiter on the way, going or coming.

Now is the time for parents to co-operate with teachers, and thus secure best results. It is easier to go to school regularly, and do good work, than to employ some regular teacher for two months in summer time and then perhaps fall of promotion at the opening next fall. Some one at home can not take the place of the teacher if the teacher is what she should be.

The teacher has two plain duties: one is to refuse to promote unprepared pupils; the other is to do good work with those who are prepared.

Just how well these two requirements are met, can be easily determined. The second one can be rendered abortive by non-attendance of pupils, or by lack of regular preparation for each recitation by either pupils or teacher.

Struck Matches on Morgan's Doorstep.

New York, March 30.—For lighting matches on J. Pierpont Morgan's doorstep, Robert W. Fusholter, a seaman, was fined \$1 in the night court. Fusholter told a policeman who found him on the financier's porch that he was looking for the number. The butler, when summoned, said the man had just been there applying for a job. In the man's pocket the police say they found a hypodermic syringe and a phial of morphine. Fusholter was arraigned on charges of disorderly conduct and promptly paid the \$1 fine.

GILLETTE ELECTROCUTED

Pays the Extreme Penalty For Sweetheart's Murder.

CONFESSES TO CLERGYMEN

Girl Whom He Had Ruined and Whom He Promised to Right Taken In a Boat to Middle of a Lake, Knocked Into Water and Killed.

Auburn, N. Y., March 30.—Chester Gillette was electrocuted at Auburn prison at 6:18 o'clock this morning.

It was the most successful electrocution ever had in Auburn prison. One contact of 1,800 volts at seven and a half amperes was all that was necessary to kill. This was turned on at 6:14.03 and off at 6:15.06 and the man declared dead by Warden Benham at 6:18. Gillette was unmoved and did not show the faintest sign of emotion of any kind.

The electrocution was marked throughout with celerity.

The man was declared dead by the officials at 6:18, but by watches held by some of the newspaper reporters it was two minutes after the time when the warden said to witnesses and attendants: "Gentlemen, the physicians announce the man is dead."

The electrocution lacked much of the solemnity of former executions, and during most of the time, except for a brief space, when the electric current was coursing through the man's body, there was a hum of voices in conversation. This grew so marked during the time the physicians were making examination of the body for life that the warden found it necessary to pound on the tile covered floor of the chamber for silence. After the current had been on for one minute and three seconds a careful examination of the man's heart was made, but there was no sign of life.

Rev. Henry MacIlravy of Little Falls, who has been with Gillette, was so overcome at the electrocution that he was taken from the death chamber before the contact was turned off. Fearful he would collapse, he started for the door leading to the prison yard. Keepers walked beside him.

Gillette made a confession to his spiritual advisers, regarding which they gave out the following: "Because our relationship with Chester Gillette was privileged we do not deem it wise to make a detailed statement, and simply wish to say no legal mistake was made in the electrocution."

"HENRY MACILRAVY,"

"CORDELLE HERRICK."

Besides the confession, Gillette had a word to say to the young men of the world. This was done in a communication handed Warden Benham Sunday night, as follows: "In the shadow of the valley of death it is my desire to do everything that will remove any doubt as to my having found Jesus Christ, the personal Savior and unfailing friend. My one regret, at this time, is that I have not given the preeminence in my life while I had opportunity to work for him. If I could only say one thing that would draw young men to him I would deem it the greatest privilege ever granted me. But all I can say now is, I know in whom I believed and as persuaded he is able to keep that which I committed unto himself against that day."

"If the young men of this country could only know the joy and pleasure of the Christian life I know they would do all in their power to become earnest and active Christians, and strive to live as Christ would have them live. There is not one thing which I have left undone which will bar me from facing my God, knowing that my sins are forgiven, for I have been free and frank in my talk with my spiritual advisors and God knows where I stand."

"My task is done, the victory won."

"Chester B. Gillette."

The crime for which Chester Gillette forfeited his life was the murder of his sweetheart, Grace Brown, near Big Moose, in the Adirondacks, July 11, 1906. They went boat riding on Big Moose lake. He returned alone, saying the girl had leaped out of the boat and drowned. Her body was recovered. He was tried at Herkimer and given the death penalty on circumstantial evidence. A tennis racquet was held to be the instrument with which she was hit in the head and fell overboard. The court of appeals affirmed the judgment Jan. 8 last. Gillette's mother pleaded with Governor Hughes to commute the sentence, but in vain.

Gillette was foreman in his uncle's shirt factory at Cortland and Grace Brown, a farmer's daughter, an employee. He won her heart and under promises of marriage ruined her. She was in an interesting condition at the time of her taking off.

The girl had trusted Gillette to make amends for the wrong he had done her by making her his wife, and her letters, which were found in the young man's room after his arrest at Eagle Bay, have been considered by many as classic in their simplicity and their tender pleadings for the right that was her due. Although he did not pay her unusual attention, her companions were not long in recognizing that she was somewhat of a favorite with the young foreman. He began to call on her at the home of her married sister, who lived at Cortland, and soon won her trust and affection. The girl's confidence in Gillette and his promise of marriage eventually led to her undoing and in the summer of 1906 she went home to prepare for her wedding which she felt could not long be postponed. It was during her stay at her home in South Otsego that she wrote him the remarkable series of letters which were found among Gillette's effects after his arrest.

Recovery Probable.

Philadelphia, March 30.—Senator Penrose, it is now thought, will recover.

GENERAL REDUCTION.

Ten Per Cent Cut in Wages Affects Sixty Thousand Persons.

Boston, March 30.—A general reduction of ten per cent in wages of New England cotton mill operatives, which was recently decided upon became effective Monday in mills employing 60,000 persons. Next Monday the movement will apply to the pay of as many more. The reduction is due to the depression of the cotton goods market, which has forced many mills to curtail production. The curtailment is general throughout New England at the present time. The average curtailment is placed at from 20 to 23 per cent of the production.
